Leewood Civic Association Needs Help!

In order for the LCA to function effectively, we need 10 board members and we are going to be down to 4 very soon. We have the Vice President and Secretary positions vacant and are in desperate need of help. Please know that board members are not required to attend every meeting but we just ask that you help out when you can. We are also in need of volunteers who don't necessarily need to come to the meetings but who can help with activities and events. Please consider donating a little bit of time to helping the LCA.
